

2020 SSBA Executive Elections

Advance Nomination

Position: Urban Public Constituency Representative
Candidate Name: Donna Banks
Candidate Board: Saskatoon Public
Nominator Name: Karoline Kennedy
Nominator Board: Lloydminster Public

My name is Donna Banks and I am the Ward 3 Public School Board Trustee for Saskatoon and I am looking to represent you as the SSBA Urban Public Constituency Representative.

I am currently elected to the Saskatoon Public School Division as Trustee for Ward 3. In my last three terms I have worked diligently to uphold academic excellence and to make sure that every student has a fair and equitable opportunity at a public education. I grew up receiving an Education in Rural Saskatchewan and have had privilege to have lived in Saskatoon for the last 39 years. Currently I am sitting on the SSBA Human Resource, and Resolution and Policy Development committees, and The Transportation WAG. In June of 2016 I successfully completed the Professional Director Certification Program from the Johnson Shoyama Graduate School of Public Policy and Brown Governance.

It has been one of the honours of my professional career to work with the SSBA Executive Representing Urban Public Boards. I have had the privilege to broaden my learning, and have been humbled by the experience. I wish to continue to represent you and your students to make sure that we get through these unprecedented times together. This past year has shown us the true unpredictability of our world. It is now absolutely imperative that we bring strong communication, precautions and representation to this provincial public education system to ensure all children in this province get through this pandemic safely, while receiving a quality public education.

If elected to represent you for the next two years, I promise to represent the interests of urban public boards and uphold the Province of Saskatchewan as one of the nation's academic benchmarks and to continue to work for the success of Saskatchewan Education.
