

2020 SSBA Executive Elections

Advance Nomination

Position: President

Candidate Name: Shawn Davidson

Candidate Board: Prairie South

Nominator Name: Colleen MacPherson

Nominator Board: Saskatoon Public

I am Shawn Davidson and I seek a third term as President of the Saskatchewan School Boards Association. I have served as a trustee in the Prairie South School Division for the past 11 years. During that time I have served as vice-chairperson and chairperson. I am a parent of 4 children, and a local businessperson working as a veterinarian and operating a cattle ranch.

Being your President has been a very rewarding opportunity. It has allowed me to bring a strong voice for school boards to the provincial level. In this role I have navigated elected school boards through a significant governance review, education act changes, work on a new sector strategic plan, and most recently the Covid-19 pandemic. If elected, I intend to continue this important work, and continue to raise the profile of the SSBA as the voice of the public in publicly funded education.

I seek re-election because I remain passionate about education as the most important investment in the economic future of our province. I enjoy advocating for adequate and sustainable resourcing of our classrooms across the entire province. I enjoy working with our 27 member boards to advance the strategic priorities that matter to our members. My main goal for education in this term is achieving well resourced classrooms with adequate supports for our valued staff.

My record over the past 11 years shows I am a tireless advocate for education, innovative programming, and excellent school facilities with well supported staff. I ask for your support for another term of leadership!
