President's Message

At this time last year, the focus of our major advocacy efforts was calling for renewed and restored education funding, respect for local board autonomy and a renewed commitment to collaboration and engagement with the sector. There is no doubt that our collective efforts helped to ensure that education was top of mind. We know people in this province care about education.

It is amazing how much can change in a year – I think it is fair to say we are on a better path, but we still have a ways to go for the benefit of all students in this province. With this in mind, there are some foundational pieces that school boards know are critical.

First, investing in students – a publicly funded education system is foundational to the economic and social well-being of our province. We need to ensure there are mechanisms in place to keep the investment sufficient, predictable and sustainable.

The second piece is the importance of locally elected governance in the education sector – which we are currently celebrating with the first officially proclaimed Local Government Week in Saskatchewan. We know that keeping decisions closer to the community level will always result in better outcomes for students. Continued community, student and parent and caregiver engagement is crucial for success.

Thirdly, the work of the SSBA remains deeply rooted in the belief that every child in Saskatchewan, regardless of where they live or their personal circumstances, must have the resources and supports they need to succeed and achieve. As a system, we have to “catch up” and “keep up” with many factors, while still ensuring this principle of “every child” is respected and supported.

I also want to acknowledge the service of the executive and staff of the SSBA. There is good work being done with and for our member boards of education. The SSBA continues to respond and adapt to our members needs and the services provided this past year reflect just that. We have seen a uptake in many of our services areas. Thank you for your continued support of the work your SSBA does on behalf of boards of education.

A stylized, handwritten signature in black ink.

Dr. Shawn Davidson
President

Advance Nominations

Position: President

Candidate Name: Shawn Davidson

Candidate Board: Prairie South

Nominator Name: Ray Morrison

Nominator Board: Saskatoon Public

Hello fellow trustees. I am Shawn Davidson and I am seeking a second term as President of the Saskatchewan School Boards Association.

I have been a trustee in the Prairie South School Division since 2009. I served as the vice chair of Prairie South from 2011 to 2013 and again in 2017-18, and chairperson from 2013-2017. I was elected President of the SSBA in November 2016. Professionally, I am a veterinarian, and together with my wife Krista and 4 children operate Davidson's Prairie Rose Ranch near Aneroid, SK.

Serving as your Association President has been a unique challenge for me through some very trying times in education in Saskatchewan. My first term as President featured an education governance review, substantial funding cuts, caps on governance spending, and most unfortunately, a deterioration of relationships. In seeking a second term I will work to re-build relationships in our sector and be a tireless champion of education in lobbying to restore investment in education.

I do wish to highlight some of the work of your Executive over this past term. We successfully navigated "transformational change" in preserving locally elected voice in education in our province. We have worked to renew the governance of SSBA Insurance services, and worked hard to improve transparency around the management of the self-funded insurance pools. We were leaders in stimulating the discussion around the "vision for education beyond 2020" project, which is just getting started. In all these initiatives there remains a tremendous amount of work to do, and I am not the type to leave a job half completed! I humbly ask for your support in allowing me to continue this work.

Advance Nominations

Position: Vice-President

Candidate Name: Aleana Young

Candidate Board: Regina Public

Nominator Name: Shawn Davidson

Nominator Board: Prairie South

Aleana Young is currently finishing her first term as the Vice President of the SSBA, and serving her second term as a trustee with Regina Public where she formerly served as Vice Chair.

As a trustee, her passions are education equity, advocating against child poverty, for sustainable funding, and local autonomous voices in education.

In addition to her roles in education, Aleana is on the U of R Senate, and volunteers as the VP of Family Service Regina – an organization that provides pay what you can counselling, support for victims of domestic violence, teen parents, and seniors.

She also owns a small, gourmet cheese store in Regina.

From Aleana –

“I ran for an SSBA executive role in 2016, and to my surprise and privilege found myself elected with the trust and support of the membership. I humbly ask for your continued trust.

As VP, I’ve served as Chair of the Board Development Committee and sat on the Resolutions and Policy Development Committee. I also participated in this unique round of provincial bargaining. I chair the General Insurance Program Working Advisory Group, committed making our insurance program more transparent, strategic, and accountable.

In the past two years, trustees around the province have weathered the storms of transformational change, governance cuts, education governance review, the incredibly challenging 2017 budget, and ongoing issues with sustainable education funding. We need to continue to be a unified voice for sustained and transparent funding, and local autonomy.

Board and member engagement has increased, as have accountability, and transparency. Our SSBA budgets have adjusted to reflect the increasing challenges with funding in the education sector.

As trustees, we should reflect on our values, and strategically identify the role we see the SSBA playing as we move forward in a constantly evolving sector.”

Advance Nominations

Position: Central Constituency Representative

Candidate Name: Jaimie Smith-Windsor

Candidate Board: Saskatchewan Rivers

Nominator Name: Luke Perkins

Nominator Board: North East

Jaimie Smith-Windsor seeks re-election for a second term as SSBA Central Constituency Representative.

Jaimie is a nine-year trustee on the Saskatchewan Rivers Board of Education where she champions student engagement, innovation, and equitable learning opportunities.

Jaimie lives at Elk Ridge with her husband and family. She is the owner-entrepreneur of a custom home building company. Jaimie holds a Master's degree in Political Science from University of Victoria. She's held teaching, coaching and research positions with University Canada West and University of Victoria. Her academic expertise lies in biomedical ethics, health policy and disability studies. She is a published scholar and writer. She's received awards for social innovation and disability advocacy. Jaimie volunteers as an adaptive ski instructor, plays bass guitar and, above all, enjoys being enchanted by her three awesome kids in their diverse pursuits.

As Central Constituency Representative, Jaimie demonstrates inspired leadership at the Executive table, specifically in:

- Executive Policy Handbook Committee,
- General Insurance Plan WAG,
- Board Development Committee,
- Aboriginal Council (ally),
- Resolutions and Policy Development Committee (Chair),
- Teaching and Learning with Technology WAG (Chair),
- Education Vision Project WAG (Co-Chair).

Throughout the Education Governance Review, Jaimie was resolute in advocating for locally elected and autonomous Boards of Education, co-presenting with all Executive members to the EGR Panel, representing the SSBA at both Human Services Committee and the Legislative Assembly where Bill-63 was debated. This process renewed her unshakable belief that education is best served by a system where decisions are made closest to classrooms and where locally elected trustees are fully engaged in their communities and governance roles.

If re-elected, Jaimie will continue to champion an SSBA that's united in its efforts to maximize our collective voice as trustees, to secure sufficient investment in education, and to keep the best interests of students at the heart of our work.

Advance Nominations

Position: Urban Public Constituency Representative

Candidate Name: Donna Banks

Candidate Board: Saskatoon Public

Nominator Name: David Thompson

Nominator Board: Lloydminster Public

My name is Donna Banks and I am a retired Nurse looking for your support to represent you as the SSBA Urban Public Constituency Representative.

I am on my 3rd term with Saskatoon Public School Division as Trustee for Ward 3. In my last two terms I have worked hard to uphold academic excellence and to make sure that every student has a fair and equitable opportunity at an education. I grew up and was educated in rural Saskatchewan and have been privileged to have lived in Saskatoon for the last 37 years. I have one son who is attending the University of Saskatchewan. I have served for three years on the SSBA Executive.

I have enjoyed the opportunities of being on the SSBA Executive representing urban public boards. I have had the privilege to broaden my learning, and have been humbled by the experience. I wish to continue to represent you and your students on the provincial Executive.

I look forward to continuing the work of the SSBA. I will continue to listen and bring the Urban Public perspective forward. I promise to bring a strong voice to the table.

In June of 2016 I successfully completed the Professional Director Certification Program from the Johnson Shoyama Graduate School of Public Policy and Brown Governance.

Currently I am sitting on the SSBA Human Resource committee and the Saskatchewan High Schools Athletic Association as the SSBA Rep.

If elected to represent you for the next two years, I promise to represent the interests of urban public boards and uphold the Province of Saskatchewan as one of the nation's academic benchmarks and to continue to work for the success of Saskatchewan Education.

Partner Messages

Government of Saskatchewan

*The Honourable
Gordon S. Wyant, Q.C.,
Deputy Premier and
Minister of Education*

On behalf of the Government of Saskatchewan, I would like to welcome all members to the 2018 Saskatchewan School Boards Association (SSBA) Fall General Assembly.

Your work as trustees is vital to ensuring that the needs of our students are being met and that every student has the opportunity to find success. Thank you for your dedication to education in Saskatchewan and most importantly, keeping the focus on supporting our students.

Our government is working hard to build renewed relationships and increase collaboration in the education sector. The SSBA plays an important leadership role in education and we look forward to continuing to work with you as partners to address the challenges facing education today.

This is an exciting time as work is underway to begin co-constructing a new provincial education plan that will shape the face of education in our province beyond 2020. Thank you to everyone for contributing to the recent Education Summit and share your experience and ideas. The themes identified at the Summit will lay the groundwork for further engagements with sector partners over the next several months.

Thank you for all your efforts to ensure our students receive the best education possible. All the best for a great conference.

Canadian School Boards Association

*Laurie French,
President*

Hello/Bonjour/She:kon

I am honoured as President of the Canadian School Board Association to greet Trustee delegates and staff of the Saskatchewan School Boards Association as part of your 103rd Fall General Assembly!

It was clear at CSBA's Congress this past July in Halifax, the level of personal commitment of Trustees across Canada in support of strong governance to ensure student success for all children. As the oldest form of democratically elected representatives with sole responsibility for the education of our children, communities have elected school board Trustees to ensure local needs are understood. Now more than ever we need to cooperate nationally to speak with one voice on behalf of local communities, and demonstrate the value and integrity of school Boards in all jurisdictions.

As Canadians, we have many more similarities than differences, and together we can work with governments to strengthen alliances that build on the education system, not break it down as has sadly been the case in some provinces. Together we have the strength to influence policies and funding, and learn how to continue work on the calls to action of the TRC, creating safe and inclusive learning environments, and sharing in leading education practices.

The CSBA will renew its strategic plan in the coming year, and I hope to hear from you how we can best serve the interests of school Boards across Canada to strengthen communication and advocacy that reflects current issues in education and the needs of children into the future.

Partner Messages

**League of
Educational
Administrators,
Directors and
Superintendents**

*Sean Chase
President*

On behalf of over 140 LEADS members, please accept our congratulations on hosting the annual SSBA Fall General Assembly. As a partner agency, the LEADS organization greatly appreciates this year's theme of Inclusive Education. We recognize the leadership provided to the education sector by the SSBA in terms of inclusivity, and saw that example move from word to action at the recent Education Summit.

Meaningful partnerships are critical to the success of organizations such as LEADS and SSBA, as both are expected to represent their members' voices, yet work alongside their sector associates for the common good of their stakeholders. The harmony of both the SSBA's mission statement "*Provide leadership, coordination and services to member boards of education to support student achievement*", and the LEADS vision of "*Senior educational leaders serving as a collective voice to strategically advocate and impact learning for Saskatchewan students through networking, collaboration and innovation in education*" demonstrates that shared commitment.

The SSBA's Vision 2025 document states "*The work of the SSBA and its member boards remains deeply rooted in the belief that every child in Saskatchewan, regardless of where they live or their personal circumstances, must have the resources and supports they need to achieve and succeed. Collectively, the women and men who serve on Saskatchewan's boards of education are committed to serving children, youth, families and communities.*" LEADS members consider working with the Trustees in pursuit of that ideal to be a privilege, and are grateful for the invitation to be a part of this prestigious event.

**Saskatchewan
Association of
School Business
Officials**

*Ryan Bruce
President*

On behalf of the Saskatchewan Association of School Business Officials (SASBO), I want to extend to the Saskatchewan School Boards Association our best wishes on an extremely successful and engaging 2018 Fall General Assembly. We believe that our Association continues to benefit from our positive relationship with the SSBA and are appreciative to have been given the opportunity to work with the trustees and other educational partners on the new Provincial Education Plan.

SASBO's members are committed to Saskatchewan's children. We do this every day by supporting the Boards of Education by ensuring that our facilities are first rate and running efficiently, our children are safely transported to and from school, and of course that all employees receive their pay accurately and on time. We are optimistic that our current relationship will be maintained and enhanced with your Association for many years in the future.

The theme of "Inclusive Education" positively reflects the new and exciting times we are experiencing in our province. There are challenges ahead for all the educational sector partners, but based on the collaborative relationships, and frank open discussions experienced at the recent Education Summit, both our organizations are positioned to share our experiences and meet the challenges head-on to make student growth and achievement a success.

SASBO is very proud of its dedication to all Saskatchewan's students. We look forward to supporting the SSBA with its governance of Saskatchewan's Pre-Kindergarten – Grade 12 education system now and in the future.

Partner Messages

**Saskatchewan
Teachers'
Federation**

*Patrick Maze,
President*

On behalf of the 13,500 active teachers who belong to the Saskatchewan Teachers' Federation, I extend greetings and best wishes on the occasion of your 103rd Fall General Assembly.

I may be biased, but I believe teachers are the backbone of public education in our province. We don't set legislation. We can't create regulations. We have limited voice in the development of new strategic plans. We have no powers to adopt or alter board policies. What we do have is our front line experience and our influence. Like trustees, we try to use that influence on behalf of public education and on behalf of the students placed in our care.

We also go a step further in demonstrating our care for the students we teach. Each and every year, our organization spends in excess of \$1 million — teacher money — in professional development. We do this because we want our members to deliver the best classroom experience possible to their students. Each and every year, we invest an additional \$1 million — teacher money — in classroom-based educational research. We do this because our members should have access to high quality, cutting edge research fashioned in and reflective of the Saskatchewan context. We do all of this to strengthen the profession and strengthen public education in our province. We know that with the proper supports and in the proper school environment, teachers can play a vital and positive role in building better and stronger citizens of the future.

I wish you all the very best in the coming year and trust you will have a productive Fall General Assembly.

**CUPE Sask.
Education Workers
Steering Committee**

*Jackie Christianson,
Chairperson*

Education Workers Steering Committee exists under the umbrella of CUPE Saskatchewan. We represent over 8,000 education workers in the province. As an integral part of schools, education workers work in many capacities. Each day support workers work to keep our libraries current, transport our students safely, provide counseling, manage the schools' databases and accounts along with a myriad of other services striving to ensure our students receive the best in our schools.

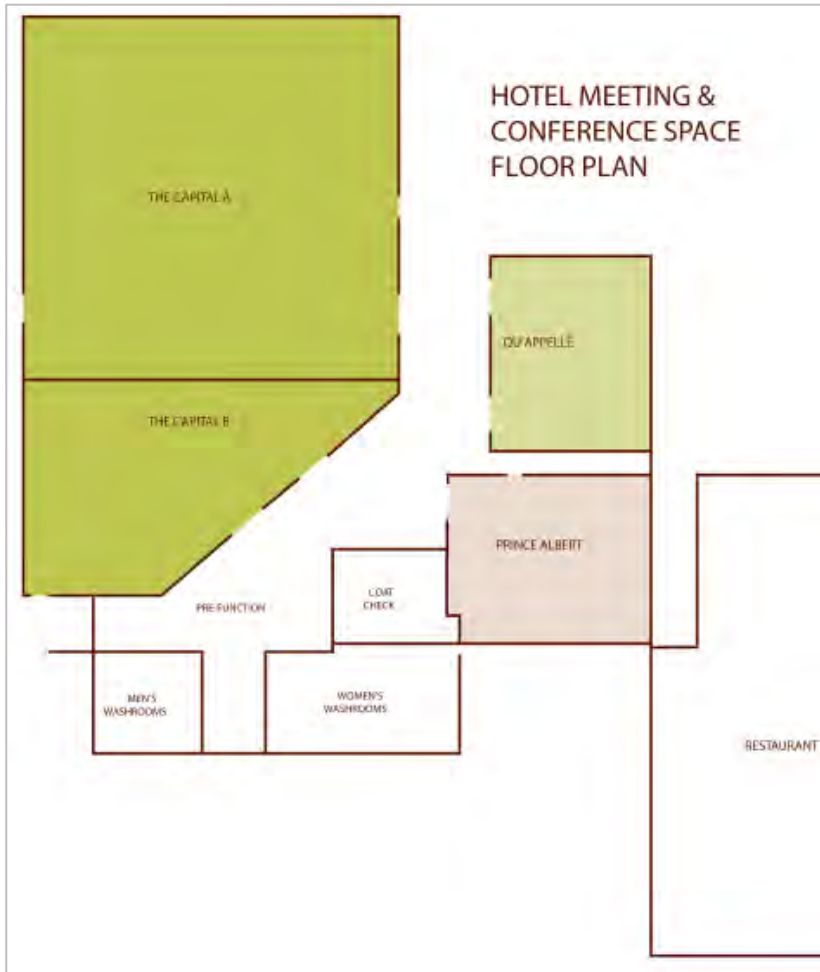

I am honored to be the chair of the Education Workers Steering Committee as we are proud to be a "Partner in Education". Along with our counterparts in the Ministry of Education, the Saskatchewan School Boards Association, the Saskatchewan Teachers' Federation and other sub-committees, we endeavour to provide a safe, caring learning environment for our students.

Attending the SSBA Fall Assembly allows an opportunity for insight as to the organization's role within the education system. I am anticipating an informative Assembly and look forward to learning more on the SSBA's "Inclusive Education" theme. I sincerely thank you for this wonderful opportunity to attend and wish you a successful 2018 Fall Assembly.
